# Airbus Work Experience 2020

## Apply now!

Find out what it's like working in the exciting world of aerospace at our sites in Broughton, North Wales and Filton, Bristol.

We offer work experience opportunities for 14-19 year olds, who are currently studying at secondary school or college.

Placements are available in Engineering, Manufacturing, Information Management, Cyber and Facilities Management. Where possible we will endeavour to match you with a host in an area of your interest, however this may not always be possible.

We take pride in our Work Experience programmes, which are accredited at Silver level by Industrial Cadets – an industry led accreditation for workplace experiences inspired by HRH The Prince of Wales. It was designed to help address skills shortages and aid youth employment by providing a structured approach to the development of a future talent pipeline.
